ONYX 50

KSR MOTO has created a real workhorse with the Onyx 50 Pick-Up. The practical version of the tried and tested 16-inch scooter has generous luggage carriers at the front and rear. Not only pizza service and courier services can take real pleasure in this model.

RED

BLACK

SIRION 50/ 125

The SIRION was designed for people who want to live their lives independently and free - people like you! Racing exhaust, aluminum kickboards, LED daytime running lights, carbon-look applications, sports seat with red seams - the Sirion 50/125 is the tuning-look series!

LED TAILLIGHT • 4-IN-1 IGNITION LOCK

PANDORA 50

Conquer the streets of your city on your Pandora! The Pandora is to be sure the cheapest scooter from KSR MOTO but is by no means lacking in fittings. 12-inch wheels, integrated turn indicators, LED daytime running lights, matt paintwork, wave brake disc at the front and a generously sized seat ensure fun and pleasure!

CLASSIC: HEADLIGHTS IN THE HANDLEBARS

CLASSIC 50/125

People who love classic shapes will not walk past the KSR MOTO Classic. An elegantly styled scooter, which has a familiar look and yet exhibits its own distinctive lines and has no unnecessary kitschy bling-bling. Just classic in the best sense of the word!

WITH STUDDED TIRES

LED TURN INDICATORS • LCD TACHOMETER

TW 125

The top hit for all young boys (can be driven from 16 years with A1 driving license!) and those who have remained young at heart! As usual with the KSR MOTO, the rider also expects with this model extensive equipment such as an upside-down fork, a waved disc brake discs and much more!

GRS 125

The GRS 125 impressively demonstrates that sporty design is not a question of cylinder capacity. With its angular styling and distinctive red frame, for looks, the GRS 125 puts bigger bikes into the shadows!

LCD TACHOMETER • LED REAR LIGHT AND TURN INDICATOR

LARGE STORAGE SPACE • LCD TACHOMETER

TTX

Who says that electric scooters have to be expensive and kitschy? The KSR MOTO TTX has a lot of tuning extras as model-standard: wave discs, aluminum kickboards, racing fork, digital display, rear gas shock absorber and much more! For all this, it is not more expensive than a petrol scooter. This means savings from the first kilometre!

BLACK

VIONIS

Top technology at the top price! The VIONIS is powered by a 2,000 W powerful BOSCH electric motor Urban mobility is not just a slogan for it. Its 1.2 kWh battery pack fitted with LG cells can be removed - so even city dwellers who do not have a garage can charge the scooter comfortably in the home or office.
